

'Home to Happyland - A Quantum Story of Creation'

Vivian Greene who first published this little book said,
*'What is **'Home to Happyland'** all about?*

Where is Happyland?'

Like the Brahmic priest searching for wisdom, who asked, 'Where is the Kingdom?' The answer

is: not far away. . . but within you. 'Home to Happyland' brought me both tears and laughter when I first heard it in Sat-sang'. Tears when I recognized that I was one of the lost children without the magic mirror and had no idea of how to get back home; laughter to see how silly I was, for I was sitting in 'Sat-sang' which is where we learn how to get back home. That's what 'Home to Happyland' is all about!
