

At last! **‘Jesus Epichristianity, Divesting Jesus from Christianity’** offers to all humans, no matter what their religious denomination may be a most needed view of Jesus the Christ, this extraordinary Being who elevated humanity to Divinity and conquered humanity’s worst enemies, the ego system and Death with one single weapon, Love Power. This small book’s insight of Jesus elevates the human mind to dimensions far beyond the confinement and limitations of the common human understanding. Understanding which has gradually diminished throughout the ages as the human mind became more materialized to a level that in our day permits the inconceivable, that is, two individuals who belittling God, the faithful who love Jesus and the position they currently occupy - nothing less than the highest offices at the Vatican and the Presidency of the United States of America, have dared to utter the most dishonorable blasphemies and even Apostasy purposely designed to disrepute Jesus and prepare the coming of the false Messiah, the Antichrist!

Opposing their intent with insightful information, **Jesus Epichristianity, Divesting Jesus from Christianity** offers the reader a profound Spiritual/Scientific view of Jesus the Christ the first Divine Man, who showed mankind that it is possible to transmute human flesh into flesh Immortal and Divine, by Being One with Love, the Christ Power, the Force that is the underlying Substance of all there is. That is why the efforts of the forces of Darkness are centered in denigrating the Greatest Triumph of Jesus at the Cross in the minds of man and present Jesus as ‘a loser.’

They won’t be able to do so in the Minds of 144,000 children of Light, who Know Who Jesus Is and Love Him. That doesn’t mean that a human person cannot make that number grow. Any human can become Ego-Free and Christ-like, an Epichristian at any time if they will to do so. To those humans of Good Will I dedicate this book.

But be aware that 144,000 out of 7 billion people is not a big number. . . . These are very dangerous times for the human soul as St. Paul let us know, *'those we wrestle against'* and who wage the campaign to kill the Image of Jesus the Christ in the human Mind are *'the army of evil in the Cosmos'* and very powerful on earth; they indeed know what they are doing; and what they are doing is a necessary evil to place the Antichrist in power. It is written that they will succeed for a short time after creating the greatest chaos ever seen on earth.

Controversial, Revolutionary, Profound and Informative this book alerts one to wake up and Become an Epichristian - Who we were always meant to Be - Unlimited, Divine, Immortal and Christ-like Beings with Unlimited Potentials of Being.

No other document in history has managed to articulate so urgently how important it is to realize both Jesus the Christ's Human and Divine Identity and its link to our own Divine Nature and Redemption as this book does.

The information in **Jesus Epichristianity**, *Divesting Jesus from Christianity*, will indeed take your mind well beyond human limits helping any human being to face the present and future chaotic changes and catastrophes being created to erect the false Messiah, the Antichrist as God on earth.

Jesus the Christ walked this earth and conquered Death, so that we humans could recuperate our Divinity and have a Glorious Future. This book bestows upon man's wounded soul a profound Understanding of the Christ's Jesus Mission waking up in our heart a feeling of gratitude and loyalty to Jesus, and of liberations as our Mind embraces Love Itself in Eternal Truth.
